

FUD12NPN-12V DC

- 500 W
- ESL up to 100 W
- LED up to 100 W
- light scene control by FVS or wireless pushbuttons

FUD12/800 W

- 800 W
- ESL up to 100 W
- LED up to 100 W
- + LUD12
- light scene control by FVS or wireless pushbuttons

FKR12UD-12V DC

- constant light controller with universal dimmer switch
- 500 W
- ESL + LED up to 100 W
- motion-dependent and brightness-dependent light control with FBH or FAH

FLS12UD-12V DC

- light scene controller with universal dimmer switch
- 500 W
- ESL + LED up to 100 W
- stores up to 40 light scenes

More devices: constant light controller FKR12/1-10V for electronic ballast units 1-10V, controller FSG12/1-10V for electronic ballast units 1-10V, FLS12/1-10V for electronic ballast units 1-10V

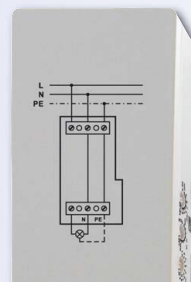

FUD61NP-230 V

- without N
- 300 W
- min. load 40 W
- light scene control by FVS or wireless pushbuttons

FUD61NPN-230 V

- 300 W
- ESL up to 100 W
- LED up to 100 W
- light scene control by FVS or wireless pushbuttons
- no min. load

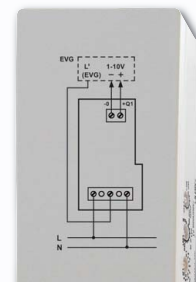

FUD70-230 V

- mounting in e.g. false ceilings
- 400 W
- ESL + LED up to 100 W
- light scene control by FVS or wireless pushbuttons

FUD70S-230 V

- Installation in the power supply cord of standard lamps and bedside lights
- 400 W
- ESL + LED up to 100 W
- light scene control by FVS or wireless pushbuttons

FSG70/1-10 V

- controller for electronic ballast units 1-10V
- 1 NO 600 VA

More devices: FLS70 and FLS70UD light scene controller devices as well as FKR70 and FKR70UD constant light controller devices
